Dear Milton:

I want to thank you very much for your letter of 22 September and the enclosed memorandum concerning events in Iraq.

This is a subject of critical interest these days and I appreciate your thoughtfulness in bringing this memorandum to my attention. I have taken a photographic copy and am returning the original to you.

With every best wish.

Sincerely,

SIGNED

Allen W. Dulles
Director

Baltimore 18, Maryland

Dear Milton:

Thanks very much for your letter of
11 September. The speech to which you
refer was delivered by General Cabell
before the National Security Commission
of the American Legion on 21 August.

I agree with your friend's view that
Pearre's address contains an excellent,
hard-hitting analysis of the Communist
threat in Latin America; and I believe
you will enjoy reading the full text, copy
of which is enclosed herewith.

With every good wish,

Faithfully yours,

SIGNED

Dear Milton:

Thank you very much for your letter of
September 11 inquiring concerning the talk on
Communism in Latin America.

This was an address given by my Deputy,
General C. P. Cabell, whom I believe you have
met, to the National Security Commission of the
American Legion at Minneapolis on August 21st.
I am enclosing a copy of General Cabell's talk
for you and I think myself it is a good, hard-
hitting analysis of the nature of the Communist
threat in Latin America.

With every best wish.

Faithfully yours,

Allen W. Dulles
Director

MILTON S. EISENHOWER, PRESIDENT

September 11, 1959

Dear Allen:

A friend has told me that while I was in Mexico in August an excellent analysis of Communism in Latin America was made in the form of a speech by one of your associates. I am told that the speech was given in Minneapolis on August 14th--I assume that means it was presented before the American Legion Convention.

If you can recognize this speech from this brief description, I would very much like to read the text if you will be so kind as to send it to me.

Warm personal regards.

Sincerely,

Mr. Allen W. Dulles, Director
